Home buyers dream. This home was built by and for a well known area high quality builder. The seller is the second owner of this amazing upgraded home. 8 Rooms, 3 Bedrooms, and 2.5 Bathrooms on a 2 acre estate lot with views of the woods from the large pictures windows and the custom designed kidney shaped gunite pool. The interior has an open floor plan with glass see through railings on the second floor to enhance the dramatic views of the first floor. The master bedroom has a cathedral ceiling, double sided fireplace, walk in closets and one of the largest master bathrooms that includes two separate sinks, shower and large jetted tub. The laundry is on the second floor. The family room has a cathedral ceiling 24' high with a dramatic view to the fireplace and the sliders to the back yard and pool. The kitchen has a very large island with seating for 12 people. A great home to host a party and entertain. Radiant heat on the first, second floor and the garage floor.
