

306 MILLWAY

BARNSTABLE, MA

Photos and Flyer provided by Best View Imaging

This home was built specifically for the Cape Cod life style. Stepping out the front door it takes 30 seconds to have your toes in the sand. Immaculate kitchen, granite counter tops, stainless appliances, breakfast bar and a view of the beach/ocean. A sensational master bath and master bedroom are all on the second floor. Three wonderful bedrooms are on the main level along with a fireplace, sitting room and laundry. Don't miss your opportunity to own your piece of the Cape. Going to the beach? no more looking for parking, early morning staking an area, dragging inflatables, umbrellas and coolers for half a mile. You're moving to and from low tide, high tide and everything else with interruption. This home is waiting for that family or investor to take advantage of this fabulous property.
