This is your chance to bring a charming one owner home back to life. Imagine cooking dinner for guests in your country kitchen with storage galore, solid wood cabinets and massive double stainless steel sink! The kitchen even includes a built in desk area great for working at home or homework! Not a spec house... this house was meticulously designed and built by the family. 6 room ranch with 3 full bathrooms and 1 bath. Large living room and even a bonus informal den to use as a second gathering space. 3 season room off the kitchen ready for you to finish to your taste, or enjoy the sunken patio in the front of the home. Full unfinished heated 34x41 basement with large work bench area for storage or future living space using the fireplace (current owners unrolled a rug and enjoyed the unfinished space as is!) All situated on an almost 1/2 acre lot about 5 minutes from booming downtown Hudson. Start the new year off in your new home! Quick close possible!
