Extraordinary Contemporary with sophisticated style and flare host to fabulous views of Lake Shirley! Three stories of glorious lake living boasting an open floor plan, cathedral ceilings, two gourmet kitchens. The first floor was gutted to the studs in 2007 and remodeled to perfection. Designer lights, custom exhaust fan over gas range in island accented with stone up to the cathedral ceiling, and custom fixtures are only a few of the specialties that make this a most exceptional home. Plenty of storage tops off this grand home. Garage pad in place ready to be built on. Newer dock. Truly a one of a kind home close to major highways and commuter railways.
