

71 Wilson Street Clinton, MA 01510

Are you tired of looking at houses that are just not the “right one”? Here you are! This young raised ranch on the southern side of Clinton is in a nice neighborhood location of newer homes with quick highway access. The large yard with custom patio and pergola offers you an outside oasis with plenty of trees and privacy. There is also a fenced in side yard for the kids and pets! The main level has 3 bedrooms and 2 full bathrooms. The lower level is ready for your imagination! The custom mud room provides plenty of space for storage and items from either the driveway or the garage. The open room can be a 4th bedroom / office / family room / den or media room as the laundry area is separate and there is rough plumbing for a 3rd full bath. In law potential? Teenage hang out heaven? Out of town guests? You have the flexibility here.
