

124 Forest Street Melrose, MA 02176

Calling all gardeners, musicians, and any outdoorsy-type people who want a workshop space.... or your own separate work from home space! Come home to the serenity of feeling like you're out in the country, while being minutes from the city! Pridefully prepare your meals in your well-appointed granite-and-stainless kitchen with gas range and upgraded cabinetry, and then wheel your rolling kitchen island to the living or dining room to entertain. Nest thermostat, ceiling fans, and central air / heat will keep you cool in the summer and warm in the winter. Spend your spring and summer savoring the serenity of your peaceful perennial garden and your terraced back yard, creating memories during summertime barbecues, and enjoying beautiful colors all year long. Work from home in peace, record your own music, teach lessons, work on your craft, or store all your gardening stuff in the tri-level barn out back. Minutes from Wyoming Hill and Oak Grove stations gets you to Boston in no time.
