Fantastic and affordable starter home with plenty of yard space is now ready for its new owner. Sellers brought multiple updates to the property including new lighting and fixtures, central air and NEST in 2017, new roof in 2016, and new gas water heater in 2020. Come home to gleaming hardwood flooring and period detail in your living room, sporting a faux mantle with mirror. Central air and ceiling fans keep you cool in the summer inside, while you enjoy summertime barbecues outside in your large back yard, and relax knowing you can park your car safely on your own driveway. Prepare and serve your meals in your eat-in-kitchen, or create memories around the dining room table, where you also have the original built-in hutch. Upstairs you'll find your three good-sized bedrooms and a full tile bath. Bring your own finishing touches and updates and truly make this home your own. Centrally located, you can get to Malden Center, highways, and Boston in minutes.
